Education

Geeta University — Panipat, India
Bachelor of Technology in Computer Science and Engineering — *2024 – 2028*
- CGPA: 8.93/10

SGMS — New Delhi, India
Class XII — 81.2% — *2023 – 2024*

GGS Public School — Panipat, India
Class X — 96.8% — *2021 – 2022*

Technical Skills

Programming Languages: C, C++, Java, Python, JavaScript
Frontend Development: HTML5, CSS3, React.js, Tailwind CSS, Bootstrap, jQuery
Backend Development: Node.js, Express.js, RESTful APIs, JWT Authentication
Databases: MongoDB, MySQL
Data Analysis: NumPy, Pandas
Tools & Technologies: Git, GitHub, Postman, VS Code, Redux, Socket.IO
Core Computer Science: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks
Problem Solving: Solved 600+ Data Structures and Algorithms problems on LeetCode

Experience

Advanced Full Stack Development Intern — ***Certificate*** — Jun 2026 – Jul 2026
Geeta Technical Hub
- Worked on full-stack web development using JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Developed and integrated frontend and backend components using the MERN stack.
- Gained hands-on experience with RESTful APIs, database integration, and modern web development workflows.
- Learned and applied web application deployment concepts for deploying full-stack applications.

Programming Intern — ***Certificate*** — Feb 2025 – Mar 2025
Coding Blocks
- Strengthened programming fundamentals and problem-solving skills with a focus on Data Structures and Algorithms.
- Solved 500+ coding problems covering arrays, strings, recursion, and core DSA concepts.

Projects

PlacementConnect | *MERN Stack, Redux, Socket.IO, ATS* | GitHub
- Collaborated in a team to develop a college placement management platform connecting students and recruiters for campus recruitment activities.
- Developed the **Admin Dashboard** to provide centralized monitoring and analysis of placement-related data and activities.
- Contributed to application development using the **MERN Stack**, with Redux for state management and Socket.IO for real-time updates.
- Integrated ATS-related functionality to support candidate management and recruitment workflows.

Mini Jira | *MERN Stack, Redux, JWT, RESTful APIs* | GitHub
- Developed a full-stack task and project management application inspired by Jira using the MERN stack.
- Implemented CRUD operations to create, update, delete, and manage tasks efficiently.
- Implemented secure user authentication and authorization using JWT.
- Built RESTful APIs and integrated frontend and backend services for application data management.

Certifications & Achievements

- **Top 15 Teams** — Internal Hackathon — *Certificate*
- Completed **Advanced DSA Internship** at Coding Blocks — *Certificate*
- **Second Position** — Smart India Hackathon (SIH) at Geeta University — *Certificate*
- **First Position** — B.Tech First Semester — *Certificate*
- **AWS Certification Name** — *Certificate*
- Solved **600+ Problems** on *LeetCode*
